STANDARDS BULLETIN 2016-30

NEW EDITION

Third Edition of CAN/ULC-S635

STANDARD FOR LINING SYSTEMS FOR EXISTING MASONRY OR FACTORY-BUILT CHIMNEYS AND VENTS

ULC Standards is pleased to announce the publication of the Third Edition of CAN/ULC-S635, Standard for Lining Systems for Existing Masonry or Factory-Built Chimneys and Vents. This Standard has been approved by the ULC Standards Committee on Factory-Built Fireplaces, Chimneys, and Vents (S600E) and has been published under the date of August 2016.

This Standard applies to lining systems for existing masonry chimneys, which may or may not incorporate a liner of fire-clay tile, and existing factory built chimneys and vents.

This Third Edition National Standard of Canada is based on, and now supersedes, the Second Edition of ULC-S635.

The changes in this Third Edition CAN/ULC-S635 include:

- Revisions to the marking requirements;
- Updates to the requirements for installation and maintenance instructions;
- Updates to the referenced publications; and
- Revisions throughout the Standard for clarity and consistency.

This Standard can be ordered for \$175.00 CAN (Hardcopy) or \$150.00 CAN (PDF) from the ULC Standards website at www.ulc.ca/ulcstandards/. Select *Sales of ULC Standards Materials* for further details.

If you require any additional information, please contact Gillian Ottley at 613 755 2729 ext. 61427 or by email at Gillian.Ottley@ul.com.

Yours truly,

ULC Standards
